COMMITTEE OF MANAGEMENT OPERATING REPORT

FOR THE YEAR ENDED 31 MARCH 2023

Operating Report

In accordance with section 254 of the *Fair Work (Registered Organisations) Act 2009* the Committee of Management ("the Committee") presents its Operating Report on the Construction, Forestry, Maritime, Mining & Energy Union Construction & General Division South Australian Divisional Branch ("Union"), for the year ended 31 March 2023.

Principal Activities

The principal activities of the Union, fall into the following categories:

- Implementation of the decisions of the Divisional Branch Executive, Divisional Branch Management Committee and resolutions of the State Delegates' convention.
- The development and implementation of the Union policy through effective communications with members at the workplace.
- The administration of State awards, the variation of awards following major test cases (ie State wage case) and making other variations to awards for other industrial matters.
- Industrial support including representation of members grievances and/or advice at their workplaces and/or through the various industrial tribunals (ie Industrial Relations Commission, Workers Compensation etc).
- Ongoing communication to members and the broader community through meetings, rallies, media releases, journals and flyers.
- Growing the organisation through good on the job organisation and strong links between the organisers and members.

The results of those activities were ongoing in providing effective leadership to officers, organisers, delegates and membership in the development, advancement and delivery of policy through a delegation of responsibilities and effective communication strategies in the areas of organising, policy/administration, and Industrial Relations/ Training/ Workcover.

There were no significant changes to the nature of those activities during the period.

Operating Results

The operating deficit for the financial year amounted to \$944,190 (31 March 2022: \$451,279 deficit)

Significant Changes in Financial Affairs

There was no significant change in the financial affairs of the Union during the year.

Events subsequent to reporting date

No matter or circumstances have risen since the end of the financial year which significantly affected or may significantly affect the operations of the Union, the results of those operations or the state of affairs of the Union in future financial years.

Future Developments

Likely developments in the operations of the Union and the expected results of those operations in future financial years have not been included in this report as such information is likely to result in unreasonable prejudice to the Union.

COMMITTEE OF MANAGEMENT STATEMENT

FOR THE YEAR ENDED 31 MARCH 2023

On 02 August 2023, the Committee of Management of the Construction, Forestry, Maritime, Mining & Energy Union, Construction & General Division, South Australian Divisional Branch ("the Union") passed the following resolution to the General Purpose Financial Report (GPFR) of the reporting unit for the year ended 31 March 2023.

The Committee of Management declares that in its opinion:

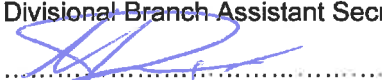

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the *RO Act*);
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Union for the financial year to which they relate;
- (d) there are reasonable grounds to believe that the Union will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the GPFR relates and since the end of that year:
 - i. meetings of the Committee of Management were held in accordance with the rules of the organisation and the rules of the Union concerned; and
 - ii. the financial affairs of the Union have been managed in accordance with the rules of the organisation including the rules of the Union concerned; and
 - iii. the financial records of the Union have been kept and maintained in accordance with the *RO Act*; and
 - iv. where the organisation consists of two or more reporting units, the financial records of the Union have been kept, as far as practicable, in a consistent manner to each of the other reporting units of the organisation; and
 - v. where information has been sought in any request of a member of the Union or the Commissioner duly made under section 272 of the *RO Act*, that information has been provided to the member or the Commissioner; and
 - vi. where any order for inspection of the financial records has been made by the Fair Work Commission under section 273 of the *RO Act*, there has been compliance.

This declaration is made in accordance with a resolution of the Committee of Management.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period and the *Fair Work (Registered Organisation) Act 2009*. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards as issued by IASB. For the purposes of preparing the general purpose financial statements, the Construction, Forestry, Maritime, Mining & Energy Union Construction and General Division South Australian Divisional Branch ('Union') is a not-for-profit entity. The Union has applied the Tier 1 reporting requirements as per the Australian Accounting Standard AASB 1053 *Application of Tiers of Australian Accounting Standards*.

The financial statements except for the cashflow information, have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

Significant accounting policies adopted in the preparation of these financial statements are presented below and are consistent with prior reporting periods unless otherwise stated.

1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.3 Significant accounting judgements and estimates

The following accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

Key estimates and judgements

Provisions

As described in the accounting policies, provisions are measured at management's best estimate of the expenditure required to settle the obligation at the end of the reporting period. These estimates are made taking into account a range of possible outcomes and will vary as further information is obtained.

Useful lives of property, plant and equipment

Property, plant and equipment are depreciated over the useful life of the asset and the depreciation rates are assessed when the assets are acquired or when there is a significant change that affects the remaining useful life of the asset.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1.4 New Australian Accounting Standards

Adoption of New Australian Accounting Standard requirements

The accounting policies adopted are consistent with those of the previous financial year.

No accounting standard has been adopted earlier than the application date stated in the standard.

1.5 Revenue

The Union enters into various arrangements where it received consideration from another party. These arrangements include consideration in the form of membership subscriptions, levies, picnic income, sponsorships and interest.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

Revenue from contracts with customers

Where the Union has a contract with a customer, the Union recognises revenue when or as it transfers control of goods or service to the customer. The Union accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or service to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined when the performance obligation has been satisfied.

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Union.

If there is only one distinct membership service promised in the arrangement, the Union recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Union's promise to stand ready to provide assistance and support to the member as required.

If there is more than one distinct good or service promised in the membership subscription, the Union allocates the transaction price to each performance obligation based on the relative standalone selling price of each promised good or service. In performing this allocation, standalone selling prices are estimated if there is no observable evidence of the price that the Union charges for that good or service in a standalone sale. When a performance obligation is satisfied, which is either when the customer obtains control of the good or as the service transfers to the customer (for example, member services or training course), the Union recognises revenue at the amount of the transaction price that was allocated to that performance obligation.

For member subscriptions paid six monthly in advance, the Union has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less.

When a member subsequently purchases additional goods or services from the Union at their standalone selling price, the Union accounts for those sales as a separate contract with a customer.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1.5 Revenue (continued)

Income of the Union as a Not-for-Profit Entity

Consideration is received by the Union to enable the entity to further its objectives. The Union recognises each of these amounts of consideration as income when the consideration is received (which is when the Union obtains control of the cash) because, based on the rights and obligations in each arrangement:

- the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer; and
- The Union's recognition of the cash contribution does not give rise to any related liabilities.

The Union receives cash consideration from the following arrangements whereby that consideration is recognised as income upon receipt:

- donations and voluntary contributions from members (including whip rounds); and

Interest income

Interest revenue is recognised on an accrual basis using the effective interest method.

Picnic income

The Union recognises picnic income as income upon receipt.

1.6 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of the reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the Union in respect of services provided by employees up to reporting date.

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1.7 Leases

The Union assesses whether a contract is or contains a lease, at inception of a contract. The Union recognises a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Union recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Reporting Entity uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise fixed lease payments, less any lease incentives.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

1.8 Cash and cash equivalents

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

1.9 Provisions

Provisions are recognised when the Union has legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1.10 Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Union becomes a party to the contractual provisions of the instrument.

1.11 Financial assets

Contract assets and receivables

A contract asset is recognised when the Union's right to consideration in exchange goods or services that has transferred to the customer when that right is conditioned on the Union's future performance or some other condition. A receivable is recognised if an amount of consideration that is unconditional is due from the customer (i.e. only the passage of time is required before payment of the consideration is due).

Contract assets and receivables are subject to impairment assessment. Refer to accounting policies on impairment of financial assets below.

Financial assets at amortised cost

The Union measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest (**EIR**) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Union's financial assets at amortised cost includes trade receivables.

Impairment

(i) Trade and membership dues receivables

For trade and membership dues receivables that do not have a significant financing component, the Union applies a simplified approach in calculating expected credit losses (**ECLs**) which requires lifetime expected credit losses to be recognised from initial recognition of the receivables.

Therefore, the Union does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Union has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1.12 Contingent Liabilities and Contingent Assets

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

1.13 Property, Plant and Equipment

Asset recognition threshold

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment of losses. Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate. Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

| | 31 March 2023 | 31 March 2022 |
|------------------------------|---------------|---------------|
| Office furniture & equipment | 20-33% | 20-33% |

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss.

1.14 Impairment of non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the Union were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

1.15 Income Tax

The Union is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997* however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office; and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office is classified within operating cash flows.

1.16 Going concern

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Union incurred an operating deficit of \$944,190 during the year ended 31 March 2023 (31 March 2022: deficit \$451,279), and as at that date the Union's total liabilities exceeded total assets by \$1,604,288 (31 March 2022: \$660,098)

The Union is currently receiving management support from CFMEU C&G Victoria and Tasmania to improve its operations and membership offerings to enable it to become financially independent. While it goes through this process, the Union is reliant on the agreed financial support of the CFMEU C&G Victoria and Tasmania Office to continue on a going concern basis.

Notwithstanding these events and conditions, the Committee of Management believe that the Union will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

However, these events and conditions indicate that a material uncertainty exists which may cast significant doubt on the Union's ability to continue as a going concern, and therefore the Union may be unable to realise its assets and discharge its liabilities in the normal course of business and at the amounts stated in the financial report. The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the entity does not continue as a going concern.

NOTE 8 RELATED PARTY DISCLOSURES (CONTINUED)

Note 8A: Related Party Transactions for the Reporting Period (Continued)

Holders of office and related reporting units (continued)

Terms and conditions of transactions with related parties (continued)

Related party transactions also occur between the Union and other reporting units including the National Office of the Construction & General Division (CFMEU C&G National Office).

Related Party disclosures in the financial report are presented on an accrual basis. Whilst the financial records of the Union have been kept, as far as practicable, in a manner consistent with each other reporting units of the organisation, the balances and transactions reported in this financial report may differ to those recorded in the financial report of the counterparty reporting unit. This may arise due to timing difference in the respective record keeping of the related reporting units, for example, in the receipt of payments, correspondence in transit or the alternative categorisation of balances/transactions.

From time-to-time, the National Office of the Construction & General Division of the CFMEU (CFMEU C&G National Office) coordinates various administrative activities on behalf of the Union. This includes the collation of certain costs, which are apportioned to the appropriate branches and invoiced in full. Accordingly, with the National Office merely being the facilitator of such transactions between the Union and independent third parties (and there is no profit component in recharging these costs), these are not considered to be related party expenditures of the Union and hence are not required to be disclosed.

Notwithstanding this, the transfer of funds to meet these obligations remain related party transactions, and accordingly have been disclosed in the related party cash flows reported at Note 7B. Additionally, any amounts outstanding as at balance date between related parties have been disclosed at Note 8A.

There have been no payments made during the financial year to a former related party of the Union.

The Union has received assistance with the administration from the CFMEU C&G Victoria/Tasmania Divisional branch. Two employees of the CFMEU C&G Victoria/Tasmania Divisional branch are acting as President and Secretary of the Union. Salaries, wages and other related costs to these activities have been borne by the CFMEU Victoria/Tasmania Divisional branch and not charged to the Union.

(b) Contingent liabilities and commitments

There are continually numerous ongoing unsettled legal actions against the Union regarding industrial relations matters.

If at year end, a judgement has been awarded against the Union or a matter has been settled and the amount is unpaid, the Union accrues an expense for estimated costs and penalties in relation to the matter.

No provision is made for any settlement costs or penalties for ongoing unresolved matters where the outcome cannot be reliably determined as the Union intends to defend the claims.

(c) Finance lease commitments

The Union does not have any finance lease commitments at 31 March 2023 (2022: Nil).

(d) Capital expenditure commitments

At 31 March 2023, the branch has made a capital expenditure commitment to CFMEU C&G National Office for \$700,116 over the next 5 years. The capitation expenditure is for the AS400 Modernisation Project which is due to commence in July 2023 and will take 3-5 years to complete. The project is a complete redevelopment of the membership database system. Branches from all states will also be contributing to this project.

NOTE 11 FINANCIAL INSTRUMENTS

Financial Risk Management Policy

The Committee of Management monitors the Union's financial risk management policies and exposure and approves financial transactions within the scope of these policies.

The Committee of Management's overall risk management strategy seeks to assist the Union in meeting its financial targets, while minimising potential adverse effects on financial performance. Its functions include the review of the use of credit risk policies and future cash flow requirements.

Specific Financial Risk Exposures and Management

The main risks the Union is exposed to through its financial instruments are credit risk, liquidity risk, and market risk consisting predominantly of interest rate risk. There have been no substantive changes in the types of risks the Union is exposed to, how these risks arise, or the Committee of Management's objectives, policies and processes for managing or measuring the risks from the previous period.

NOTE 11 FINANCIAL INSTRUMENTS (CONTINUED)

The Union's financial instruments are listed below:

| | 31 March 2023 \$ | 31 March 2022 \$ |
|------------------------------|---------------------------------|---------------------------------|
| Financial Assets | | |
| Cash and cash equivalents | 105,481 | 130,162 |

| | <u>1,213,822</u> | <u>543,078</u> |

Note 11A: Credit Risk

The Union has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

Management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good quality, including those that are past due.

The credit risk of liquid funds, and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

The class of assets described as Trade and Other Receivables is considered to be the main source of credit risk related to the Union. On a geographical basis, the Union's trade and other receivables are all based in Australia.

The Union applies the simplified approach to providing for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision for all trade and other receivables. To measure the expected credit losses, accounts receivable have been grouped based on shared credit risk characteristics and the days past due. The loss allowance provision as at 31 March 2023 is determined as follows. The expected credit losses below also incorporate forward looking information.

The balance of receivables that remain within initial trade terms (as detailed in the table) are considered to be of high credit quality.

| Expected credit loss | 116,340 | - | - | - | 116,340 |

The "amounts written off" are all due to debtors declaring bankruptcy or accounts receivable that have now become unrecoverable.

The Union has no significant concentration of credit risk with respect to any single counterparty or group of counterparties other than those receivables specifically provided for and mentioned within Note 5. The main source of credit risk to the entity is considered to relate to the class of assets described as "accounts receivable and other debtors".

The Union always measures the loss allowance for accounts receivables at an amount equal to lifetime expected credit loss. The expected credit losses on accounts receivable are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period.

The Union writes off an account receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery (eg when the debtor has been placed under liquidation or has entered into bankruptcy proceedings) or when the trade receivables are over two years past due, whichever occurs earlier. None of the accounts receivable that have been written off are subject to enforcement activities.

Collateral held as security

The Union does not hold collateral with respect to its receivables at 31 March 2023 (31 March 2022: Nil).

FOR THE YEAR ENDED 31 MARCH 2023

NOTE 11 FINANCIAL INSTRUMENTS (CONTINUED)

Note 11B: Liquidity Risk

Liquidity risk arises from the possibility that the Union might encounter difficulty in settling its debts or otherwise meeting its obligations in relation to financial liabilities. The Union manages this risk through the following mechanisms:

- preparing forward looking cash flow estimates;
- maintaining a reputable credit profile;
- managing credit risk related to financial assets;
- only investing surplus cash with major financial institutions; and
- comparing the maturity profile of financial liabilities with the realisation profile of financial assets.

The tables below reflect an undiscounted contractual maturity analysis for non-derivative financial liabilities. The Union does not hold directly any derivative financial liabilities.

| | 158,568 | - | - | 384,510 | - | 543,078 |

Note 11C: Market Risk

- i. Interest rate risk
Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The Union's exposure to interest rate risk arises from its cash at bank, term deposits and floating rate instruments.

The financial instruments which expose the Union to interest rate risk are limited to its cash reserves.
- ii. Foreign exchange risk
The Union is not exposed to fluctuations in foreign currencies.
- iii. Price risk
The Union is exposed to equity securities price risk.

Sensitivity Analysis

While the Union is exposed to changes in interest rates, due to the fact that any expected change in interest rates would have no significant impact on profit and loss or equity, no sensitivity analysis has been considered necessary.

No sensitivity analysis has been performed on foreign exchange risk, as the Union is not exposed to foreign currency fluctuations.

NOTE 12 SECTION 272 FAIR WORK (REGISTERED ORGANISATIONS) ACT 2009

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009*, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

INDEPENDENT AUDITORS REPORT

To the members of the Construction, Forestry, Maritime, Mining & Energy Union Construction and General Division South Australian Divisional Branch

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Construction, Forestry, Maritime, Mining & Energy Union Construction and General Division South Australian Divisional Branch (the reporting unit), which comprises the statement of financial position as at 31 March 2023, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies, the Committee of Management Statement and the subsection 255(2A) report and the officer declaration statement.

In our opinion, the accompanying financial report of Construction, Forestry, Maritime, Mining & Energy Union Construction and General Division South Australian Divisional Branch, presents fairly, in all material respects the reporting unit's financial position as at 31 March 2023 and of its financial performance and its cash flows for the year then ended in accordance with:

- a. the Australian Accounting Standards; and
- b. any other requirements imposed by the reporting guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act).

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the reporting unit in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to Note 1.16 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the reporting unit's ability to continue as a going concern and therefore the reporting unit may be unable to realise its assets and discharge its liabilities in the normal course of business. Our opinion is not modified in respect of this matter.

Information Other than the Financial Report and Auditor's Report Thereon

The committee of management are responsible for the other information. The other information obtained at the date of this auditor's report is information included in the operating report, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Other matter

The financial report of Construction, Forestry, Maritime, Mining & Energy Union Construction and General Division South Australian Divisional Branch, for the year ended 31 March 2022, was audited by another auditor who expressed an unmodified opinion on that report on 7 July 2022.

Responsibilities of the Committee of Management for the Financial Report

The committee of management of the reporting unit are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the RO Act, and for such internal control as the committee of management determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee of management are responsible for assessing the reporting unit's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the committee of management either intend to liquidate the reporting unit or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the reporting unit's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee of management.

- Conclude on the appropriateness of the committee of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Reporting Unit's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the reporting unit to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the reporting unit to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the reporting unit audit. We remain solely responsible for our audit opinion.

We communicate with the Committee of Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during our audit.

This description forms part of our auditor's report.
